PROJECTS

ARTI THE CHATBOT | FULL STACK DEVELOPER
- Developed a ChatGPT-like chatbot with advanced conversational abilities using Vite, JavaScript, CSS, and OpenAI API.
- Demonstrated proficiency in front-end development and API integration with Vercel and Render.

ON THE GO | FULL STACK DEVELOPER
- A comprehensive travel booking app that streamlines car rentals, hotel reservations, and flight bookings in one easy-to-use platform. Built with React, it leverages the Priceline.com API from RapidAPI to provide real-time data, ensuring up-to-date information on availability and pricing.

PANGEA | FULL STACK DEVELOPER
- Spearheaded development of a landlord-tenant app with optimized performance and scalability using React, Redux, and Axios for front-end and Node, Express.js, PSQL, and Sequelize for back-end infrastructure.

EXPERIENCE

Manager | United States Army | Fort Wainwright, AK | March/2019 - October/2022
- Led and supervised a 10-member team, successfully implementing the Army's Oil Analysis Program (AOAP) to proactively detect and prevent potential component failures.
- Established effective communication channels with leadership, delivering daily status updates and addressing operational issues.
- Optimized fleet availability by maintaining and promptly repairing 18 Strykers, ensuring mission readiness for 72 operators.
- Exhibited strong resource management and prioritization skills, overseeing the maintenance and upkeep of soldier housing and equipment valued at over $5,000,000, providing comfortable and functional living quarters for 100 soldiers.
